Bali, where events are at home

Bali is a truly beautiful tropical island paradise where the passage of life is measured through elaborate rituals performed by artistic and hospitable local people. The Balinese maintain a precious heritage of unique arts and a dynamic culture amidst breathtaking panoramas of cultivated rice

terraces, awesome volcanoes, pristine beaches and thousands of temples, augmented by an unrivaled range of modern leisure activities.

Successfully combining business with pleasure is just one of Bali's unique attributes. Improved accessibility, technological expertise, experienced ground-handling operators, reliable forwarding agents, innovative publishing consultants, well-informed travel operators and first rate support services have combined to provide the enlightened 21st century event organizer with the perfect location for a successful event. Bali is more than a tropical island paradise; it is a unique destination within Southeast Asia and any visit to its magical shores create an enduring memory.

Nusa Dua

Developed as a luxury resort complex in the southern-most tip of Bali, Nusa Dua is home to the island's most luxurious hotel and resort accommodation and conference facilities. Located in a secluded enclave with access control by private security, and just 10 kilometers from Bali's international airport and 25 minutes from the chic and vivacious Kuta, Legian and Seminyak districts, Nusa Dua exceeds all expectations as a world class tourist destination.

Tropical coral reefs protect the magnificent beaches of Nusa Dua, creating an idyllic environment for a wide variety of water sports and activities. Beautifully manicured gardens surround shopping centers, restaurants and bars. An internationally acclaimed golf course and a superlative lawn bowling green add to the charisma the area.
